Distance

Vanilla Sky

I know you hide something inside
You never tried to get the chance to fit it
But now it's time to leave this lie
I never tried to fight the way I feel itLost integrity. My personality is gone now
You are stronger than you think.
I lost integrity. The way we used to feel is wrong now.
You mean more than anyone can see.I know it's hard: it burns my heart
and there's nothing I can do about it.
Just like a place that we can't share.
There's nothing more that I can say about it.Lost integrity. My personality is gone now
You are stronger than you think.
I lost integrity. The way we used to feel is wrong now.
You mean more than anyone can see.If I could just hold your hands now
and look you in the eyes.
This Song would make no sense tonight end ever.
Can't help to take your conclusions
don't look me in the eyes
You're on your own.Lost integrity. This fake reality is not right.
I'm trying to find the reason why I'm giving up this time, not leaving it behind
But it's all right, that's the reason why.Lost integrity. My personality is gone now
You are stronger than you think.
I lost integrity. The way we used to feel is wrong now.
You mean more than anyone can see.
