# Silver Sliver

## Lycia

aqua smile blue rhythm pulse me you
molten syrup flows through veins
twilight sprinkled a zillion eyes shine few
lava consume cool numb and trancing view
rings of dust around us coil embrace
breath falls like dust against your skin
starshine moon drips dew and pulled me in
crystal sips of heaven entwined in him
heart soft lullaby swarming my dizzy head blood swim
soft this dream is mine and i'm his twin
