

# Two More Years (Mstrkrft Remix)

## Bloc Party

In two more years, my sweetheart, we will see another view  
Such longing for the past for such completion  
What was once golden has now turned a shade of gray  
I've become crueler in your presence They say, "Be brave, there's a right way and a wrong way"  
This pain won't last forever, this pain won't last forever Two more years, there's only two more years  
Two more years, there's only two more years  
Two more years, so hold on Two more years, there's only two more years  
Two more years, there's only two more years  
Two more years, so hold on You've cried enough this lifetime, my beloved polar bear  
Tears to fill a sea to drown a beacon  
To start anew all over, remove those scars from your arms  
To start anew all over more enlightened I know, my love, this is not the only story you can tell  
This pain won't last forever, this pain won't last forever Two more years, there's only two more years  
Two more years, there's only two more years  
Two more years, so hold on Two more years, there's only two more years  
Two more years, there's only two more years  
Two more years, so hold on You don't need to find answers  
For questions never asked of you  
You don't need to find answers You don't need to find answers  
For questions never asked of you  
You don't need to find answers Dead weights, balloons, drag me to you  
Dead weights, balloons, to sleep in your arms I've become crueler since I met you  
I've become rougher, this world is killing me And we cover our lies with handshakes and smiles  
And we try to remember our alibis  
We tell lies to our parents, we hide in their rooms  
We bury our secrets in the garden Of course, we could never make this love last  
I said, of course, we could never make this love last  
The only love we know is love for ourselves  
We bury our secrets in the garden
