

# Brought To Life

## Spoken

This is it, our finest night  
This is where we are brought to life  
Leave the world outside, leave your cares behind  
This could be the night you are brought to life  
So breathe it in, tonight is all for You  
Try to touch the smoke in  
the air  
Wipe the sweat away  
Dripping from your brow  
This could be the night when we are brought to life  
This could be our final moment  
This is the night when we are brought to life  
This could be our final moment  
So breathe it in, tonight is all for You  
It's what we've waited for to give ourselves to You  
We will wait and not fall asleep  
Taken in by glory  
Until then we will find meaning  
To this life in You alone  
So breathe it in, tonight is all for You  
It's what we've waited for to give ourselves to You  
We will wait  
You are brought to life  
We will wait  
You are brought to life
