

# Operation Z

## Hail of Bullets

From the Kuriles, steaming south  
To ride the tiger, climb the mount  
Undiscovered in misty cold  
High stake gamble, the crippling blowHammering guns, armor piercing bombs  
Aiming at the battleships, ground facilities  
Carriers not at anchorage, safe on open seaNakajimas, screeching dives  
Eager bandits, do or die  
Pearl Harbor, paralyzed  
Steel downpour on HawaiiHammering guns, armor piercing bombs  
Aiming at the battleships, ground facilities  
Carriers not at anchorage, safe on open sea
