

# Roc Me Out

Rihanna

[Hook]

So give it to me like I want it  
This is for your, eyes only  
Rock me out, back and forth  
Rock me out, on the floor

Give it to me like I need it  
You know how to make me feel it  
Rock me out, more and more  
Rock me out, on the floor yeah

[Rihanna]

Come over boy im so ready  
You're taking too long to get my head on the ground  
And my feet in the clouds, oh oh

I'm so clean feeling dirty  
Come right now, you better hurry  
Before you miss out, and i finish it off, oh yeah

I've been a bad girl daddy  
Won't you come get me

[Hook]

So give to me like I want it  
This for, your eyes only  
Rock me out, back and forth  
Rock me out, on the floor

Give it to me like I need it  
You know how to make me feel it  
Rock me out, more and more  
Rock me out, on the floor

[Rihanna]

Keep it up for me, you can do it  
Put your hands on me, watch me lose it  
Boy blew it out, like its the only way out

I'll show you my dirty secrets

Real hush you baby, don't just speak  
Whatever we do, it's between me and you

I've been a bad girl daddy  
Won't you come get me

[Hook]

So give it to me like I want it  
This is for your, eyes only  
Rock me out, back and forth  
Rock me out, on the floor

Give it to me like I need it  
You know how to make me feel it  
Roc me out, more and more  
Roc me out, on the floor yeah

[Bridge]

It's gonna be different tonight  
The best time of your life  
I just want you to know baby  
Take a peek at the girl I hide  
I'll let you in on a dirty secret  
I just wanna be loved

[Hook]

So give it to me like I want it  
This is for your, eyes only  
Rock me out, back and forth  
Rock me out, on the floor

Give it to me like I need it  
You know how to make me feel it  
Rock me out, more and more  
Rock me out, on the floor yeah
