Breathless

Quiet Riot

Oh, oh, oh, oh, oh, oh!!

My control
That's what you take from me
Damned my soul
And you won't let me be
Stop me in my tracks, there's no looking back
I can't see (no)
It's much too late
I feel great
You take my breath away

You leave me breathless
You got me helpless
You take my breath away

You leave me breathless
You got me helpless
You take my breath away

Inside-out, that's how she turns my head
All my doubts are never put to bed
She's got me runnin' blind, never think I'll find sanity (oh)
Hyperventilate, nothing's a in her place
She takes my breath away

And leaves me breathless
Yes I'm so helpless
She takes my breath away

You leave me breathless
I'm so helpless
You take my breath away

You take me if I breath
And never let me know
You cast a spell on me, and you don't let me go go go go go

You leave me breathless
You got me helpless

You take my breath away

You leave me breathless
I'm so helpless
You take my breath away

You leave me breathless (oh, oh)
You leave me breathless
I'm breathless, breathless
You leave me breathless
Leave me breathless!
