How Will I Know

Cousteau

You could be anywhere
a passerby might
capture my eye unawareyou could be anyone
but how will I know
when my time has come?'cos in the middle of the day
or in the middle of the night
how will I know if it's you
how will I know it's rightand if it all comes down to me
to go walking up to you
there's one million little things
that I'm more likely to doI kinda know you're there
a lifetime's knowing
a life's undergoing unawaresyou could be anyone
but how will I know
if my time has come?
