

# Answer Me That

[Kevin Welch](#)

If love is the ruler of all of our kingdoms  
Why don't I just bow down  
What am I made of  
What am I afraid of  
What am I gonna do now  
Answer me that If love is the answer, what is the question  
I still can't get it right somehow  
Where does it come from  
What could it become  
How can I find some right now  
Answer me that  
The sky keeps thundering  
But no rain will fall upon this thirsty land  
And I'm tired of wondering  
What part of this do I not understand  
Answer me that So if love is the ruler of all of our kingdoms  
Why don't we all bow down  
What are we made of  
What are we afraid of  
What are we gonna do now  
Answer me that  
The sky keeps thundering  
But no rain will fall upon this thirsty land  
And I'm tired of wondering  
What part of this do I not understand  
Answer me that  
Yeah, answer me that.
