Captured

Unleashed

I see the morning light breaking in
Another day, another hell within
Yesterday's sorrows come creeping by
Soon to remind my of tomorrow's lies
I gasp for air I scream for sight
Haven't seen anything yet that seems
To be right
I see the rats run their endless race
As I wake up to face another day...
(I must get... out)...I'm capturedI see the darkness slowly fall
Into my room as I tear at the walls
And as a million dreams come sweeping by
Soon they will vanish like scattered lies
I reach for light but I cannot flee
An empty reality as all I see
I watch the mutants run their endless race
As I try to forget yet another day...
(I must get... out)...I'm capturedI see the morning light breaking in
Another day, another hell within
Yesterday's sorrows come creeping by
Soon to remind my of tomorrow's lies
I gasp for air I scream for sight
Haven't seen anything yet that seems
To be right
I see the rats run their endless race
As I wake up to face another day...
(I must get... out)...I'm captured
