Markovian Process

Bad Religion

You will all say that I am surely crazy
Only an unrepentant pessimist
Whose thoughts should be detainedBut facts are sterile, not vulgar nor sublime
And they're not religion, they're for everyone
And signify the timesToday is a window, tomorrow the landscape
All you need to do is take a look outside
To know what we're bound to faceThe level of disparity the common man
The manner of destruction of the native land
The poverty of reprisal from all involved
And the scathing trajectory from the pastMarkovian process lead us not in vain
Prove to our descendants what we did to them
Then make us go away
