

# Touches You

Mika

When you've had enough and you need somebody to know  
When you're looking tough but you need a way to let it go  
Come on now, what's a boy s'posed to do  
When I can't seem to leave you alone  
Touching me touching you I wanna be your brother, wanna be your father too  
Never make you run for cover even if they want us to  
I wanna be your sister, wanna be your mother too  
I wanna be wanna be  
Whatever else that touches you  
Whatever else that touches you  
Whatever else that touches you  
If you're ever losing, losing your way  
Just stop and listen to the things that they say  
To avoid confrontation  
You walk away Growing up when I need to compromise  
When I've had enough twenty years and I realize  
Come on now, what's a boy s'posed to do  
When I can't seem to leave you alone  
Touching me touching you  
Wanna be your brother, wanna be your father too  
Never make you run for cover even if they want us to  
I wanna be your sister, wanna be your mother too  
I wanna be wanna be  
Whatever else that touches you I wanna be your brother, wanna be your father too  
Never make you run for cover even if they want us to  
I wanna be your sister, wanna be your mother too  
I wanna be wanna be  
Whatever else that touches you  
Whatever else that touches you  
Whatever else that touches you  
Whatever else that touches you  
Whatever else that touches you
