Cheerio

G.G. Anderson

Let's go to the party and join me tonightLet's have the glass of champain;
Take off your shoes
babe
let's go side by side
And bare-footed walk in the rain.
Gimme your glass
baby
fill it againTonight you're my lover and I am your manCandida
Candida
till then.
Cheerio - CheerioMy lovely dreamer
sweet dream believer.
Cheerio - CheerioLet's greet the morning
don't leave me tonight.
We walk in the park and I look in your eyesAnd I feel your heart beatin' fastThe place in the meadow so warm and so nice
Can't tell what we did there at last.
Let people say that we must be insaneOh
I do what I want
for me it's the sameCandida
Candida
till then.
Cheerio - Cheerio
. . .
Cheerio - Cheerio
. . .
Cheerio - Cheerio
. . .
