

# Someone to Lay Down Beside Me

**Karla Bonoff**

There's somebody waiting alone in the street  
For someone to walk up and greet  
Here you are all alone in the city  
Where's the one that you took to your side  
Lonely faces will stare through your eyes in the night  
And they'll say - woman sweet woman please come home with me  
You're shining and willing and free  
But your love it's a common occurrence  
Not like love that I feel in my heart  
Still you know that may be what I need  
Is someone to lay down beside me  
And even though it's not real  
Just someone to lay down beside me  
You're the story of my life  
Well morning is breaking the street lights are off  
The sun will soon share all the cost  
Of a world that can be sort of heartless  
Not like love that you feel in our heart  
Still you know that may be all you get
