Since a kid, this is how we live Ain't nuttin' to look forward to schools full of devils
The church don't work 'cuz all the lies
That they tell us, ya'll it'll be hell before we get there
Survivin' guns and drugs and see If you can deal with this germ warfare that's endin' us
They AntiChrist, I'm antifair, antivice
Antinice, antispace, up your life, I'll make you love it
'Cuz it's real and you bump it 'cuz it's tight Yeah, people make the world go 'round
And it's a gang of us all gathered up in our game colors
