Rocket

The Pack A.D.

It's easy to see that there's a feeling inside of me
But everyone seems to be enjoying...
I close my eyes and start asking ...
And birds ,birds,birds ,birds die...for you I was everything you see
Like a bird...tonight
I won't make nothing
That I can 't do in returnWith children I confide
Yeah,it distracts me
And I am coming through situations with worry
The sky is the limit
The sky is my scary glory
The sky is the limit,the clouds are falling in and hurryAnd it turns,turns
Turns,turns and cries
What if I may stop a half for me?
Kill that...
I was everything you see
I won't make nothing
That I can 't do in returnThere's hell down the sunAnd I will destroy
What we have doneWhat if I may stop a half for me?
Kill that...
I was everything you see
I won't make nothing
That I can 't do in return
I won't make nothing
That I can't
I won't make nothing
That I can't
I won't make nothing
That I can't
I won't make nothing
That I can't
I won't make nothing
That I can't
I won't make nothing
That I can't
