It's All Up To You

Steve Earle & The Dukes

No matter which way the wind blows
It's always cold when you're alone
Ain't no candle in the window
You've got to find your own way home
The rain ain't gonna hurt you
It's come to wash away your blues
It's all up to you
No one said it would be easy
But it don't have to be this hard
If you're lookin' for a reason
Just stand right where you are
Now there ain't no one out to get you
They've got to walk in their own shoesIt's all up to you
No one else can get you through
Right or wrong, win or lose
It's all up to you
You can stand out on that highway
Look as far as you can see
But when you get to that horizon
There's always someplace else to be
But don't you stop to look behind you
'Cause you've got some travelin' left to do
It's all up to you
