Time

Supergrass

The time is on the way, my love
I know I'm goin' away, my loveYeah I know what I, I see
Have it all you
Yeah I know what I, I see
Have it allA light feeling inside, my love
I know I'm goin' away, my loveYeah I know what I, I see
Have it all you
Yeah I know what I, I see
Have it allYeah I know what I, I see
Have it all you
And I know what I, I see
Have it allYeah I know what I
Have it all you
