

Time

Supergrass

The time is on the way, my love
I know I'm goin' away, my love Yeah I know what I, I see
Have it all you
Yeah I know what I, I see
Have it all A light feeling inside, my love
I know I'm goin' away, my love Yeah I know what I, I see
Have it all you
Yeah I know what I, I see
Have it all Yeah I know what I, I see
Have it all you
And I know what I, I see
Have it all Yeah I know what I
Have it all you
