

Medicine

Daughter

pick it up
pick it all up
and start again you've got a second chance
you could go home
escape it all
it's just irrelevant
it's just medicine
it's just medicine you could still be
what you want to
what you said you were
when i met you you've got a warm heart
you've got a beautiful brain
but its disintegrating
from all the medicine
from all the medicine
from all the medicine
from all the medicine
medicine you could still be
what you want to be
what you said you were
when you met me you could still be what you want to
what you said you were
when i met you
when you met me
when i met you
