

# lose it (whereisalex flip)

## Flume

Put away your inhibitions  
Let the beast in you just get loose  
We all young, wild and different  
We could all get lit from a lil goose  
I know you're terrified by what the future lies  
But there's no compromising, it's my way or the highway  
We all just played the lust, hard building breaking trust  
She gon' get wowed when we come out  
Like she gon' get loud when the weed come out this instant  
Give a fuck what your friends think  
Tell they boozy ass go wait in line  
With them lame niggas talking real rap  
Tell 'em break your neck go and bust a rhyme  
Blow one down, pass it around ay!  
Fuck with me now, we're running wild ay!  
Nobody game, we own the town ay!  
Never come down, I'll never come down  
Lose it  
I might lose it  
Lose it  
I might lose it  
Everybody got guilty pleasures  
Mine just turned to catch me cases  
Handcuffs, police inspections  
Lawyers, judges, allegations  
Turn on your favorite station  
You hear the same old song  
I feel like Nagasaki, dog  
I'm 'bout to drop the bomb  
Blow one down, pass it around ay!  
Fuck with me now, we're running wild ay!  
Nobody game, we own the town ay!  
Never come down, I'll never come down  
Blow one down, pass it around ay!  
Fuck with me now, we're running wild ay!  
Nobody game, we own the town ay!  
Never come down, I'll never come down  
Lose it  
I might lose it  
I might lose it  
I might lose it  
Lose it  
I might lose it  
I might lose it  
I might lose it  
I might lose it  
Lose it  
I might lose it
