## LL Cool J

Uhh, yeah  
Si papi, uhh, uh-huh  
Uh-huh  
I see you papi, si  
Get it to papi I was in Madrid, yo  
Had this hot club shootin' my video  
They was burnin' up the floor to that reggaeton  
Start to bailando soon as they put the record on I was sweatin' like a bullfighting matador  
It was the sexiest scene that I ever saw  
La fiesta, tu mi a fuego  
But I was still cool in my light blue Kangol I met this girl, she was off the chain, yo  
Cooley head model from San Diego  
Father was from Trinidad, Tobago  
Mother was from Rio de Janeiro She said please don't think I'm crazy  
But I've been in love with you since the 80's  
Just [Incomprehensible] cansando baby  
Have you ever been with a Latin lady Uhh, she said there's one thing you should know  
Just here to find to numero uno  
Uh-huh, and I'll do anything to prove it  
If I can get wit'cha Uhh, she said there's one thing you should know  
Just here to find to numero uno  
Uh-huh, and it's on, one shot will do it  
If I can get wit'cha, wit'cha, wit'cha She said I wanna get wit'cha  
I'm talkin' more than an autograph and picture  
Tu quiere, benita mi casa  
I mumbled to myself, she's a monster She said, "Yo no se lo que no habla"  
Don't worry 'bout it lil' mama nada  
The chemistry and energy was gettin' hotter  
This ain't like me but I feel like I gotta She started movin' near me  
Whispered in my ear so I could hear more clearly  
Said grab my waist and look in the mirror  
Then started windin' it like Shakira All that shakin' and belly dancin'  
I was goin' under, I ain't stand a chance man  
If I do this, will I love it or regret it?  
Tempted and I don't know where this is headed She said there's one thing you should know  
Just here to find to numero uno  
Uh-huh, and I'll do anything to prove it  
If I can get wit'cha Uhh, she said there's one thing you should know  
Just here to find to numero uno

Uh-huh, and it's on, one shot will do it  
If I can get wit'cha, wit'cha, wit'chaUhh, uhh  
Yeah, si papi, uhh  
If I can get wit'cha  
Si papi, si, uh-huh  
Get it to papi, if I can't get wit'cha, wit'cha, wit'chaThen she kept beggin' sayin' let's go  
Pullin' on my arm, wouldn't let go  
Rubbin' my face, kissin' my neck slow  
When we do it say hablando como [Incomprehensible]She said, "Ooh papi te quiero mucho  
I love you better than any woman you know"  
Just then my lady hit my cell phone  
I'll let y'all figure out the rest yoUhh, she said there's one thing you should know  
Just here to find to numero uno  
Uh-huh, and I'll do anything to prove it  
If I can get wit'chaUhh, she said there's one thing you should know  
Just here to find to numero uno  
Uh-huh, and it's on, one shot will do it  
If I can get wit'cha, wit'cha, wit'cha
