

# California Kids

## Weezer

When you wake up  
Cobwebs on your eyelids  
Stuck in rigor mortis, whoa  
Just get going  
Til you hit the ocean  
And you turn Californian, whoa You don't have to  
Have the answers  
Don't you worry  
Don't you worry It's gonna be alright  
If you're on a sinking ship  
The California kids  
Will throw you a lifeline  
And if you're up all night  
Thinking about some thing you did  
The California kids  
Will show you the sunshine In your bare feet  
In mid-January  
Swimming in the mystery, whoa Second guessing  
Almost everything  
Don't you worry  
Don't you worry It's gonna be alright  
If you're on a sinking ship  
The California kids  
Will throw you a lifeline  
And if you're up all night  
Thinking about some thing you did  
The California kids  
Will show you the starlight All your old friends  
Chilling back in Boston  
You never forgot them, whoa It's gonna be alright  
If you're on a sinking ship  
The California kids  
Will throw you a lifeline  
And if you're up all night  
Thinking about some thing you did  
The California kids  
Will show you the sunshine  
The California kids

Will show you the starlight
