

# To Be Young

## Emerson Hart

I found your letters  
As I would pack  
Twelve years of memories  
So neatly stacked  
I thought I did what I was supposed to do  
But I forgot about youBut, oh, to be young  
To feel the changes  
Fall away, fall away from you  
Hmm...To fall from the least  
That I'd known the most  
I was happy to leave  
Behind the ghost  
I thought I saw what I was supposed to see  
But I forgot about meAnd, oh, to be young  
To see the changes  
Fall away, fall away from youOh, just to run  
To feel the jaded  
Fall away, fall away from you  
Hmm...  
Hmm...I thought I saw what I was supposed to see  
But I forgot about meBut, oh, to be young  
To see the changes  
Fall away, fall away from youOh, just to run  
To feel the jaded  
Fall away, fall away from you  
Ooh...  
Fall away, fall away from you
