The Window

Cityview

And it gets so lonely from my window
I try to sleep but I can't find
The reasons why I waited for tonight

Bar lines
Similar to broke down cars
I know they all have engines
For some reason mine won't start
And this room is killing me
I've been consumed
And I can't leave
For I'm held captive by this screen

Chorus:
And it gets so lonely from my window
I try to sleep but I can't find
The reasons why I'm still inside
And it gets so lonely from my window
I try to sleep but I can't find
The reason why i've waited for tonight

This glare
Is killing me with every stare
And it burns bright
with each reflection off of the street lights
It's cold here (cold here)
So we'll stay in and wait for Spring
But I know that i'll keep warm
I'll use these words as gasoline

Chorus:
And it gets so lonely from my window
I try to sleep but I can't find
The reasons why I'm still inside
And it gets so lonely from my window
I try to sleep but I can't find
The reason why i've waited for tonight

Through the glass I can see the outline of the city
And it burns so bright

And if i wasn't so scare I'd get in the car and drive
So many miles, so many miles, so many miles
And leave this town tonight
So i can let, I can let these dying dreams survive

(Get in the car and drive)
(Leave this town tonight)
(Get in the car and drive)
(Leave this town tonight)
