

# Bad Girl Blues

## Johnny Winter

These women loving each other  
You know they ain't thinkin' about no man  
They ain't keepin' secrets no more  
They playing a wide open hand I saw a little girl the other day  
I asked her for a little thrill  
She said I'm so sorry daddy  
But I'm puttin' out the same thing you is I took the woman out ridin'  
Bought her all kinds of whiskey and wine  
I guess I was too drunk to realize  
She say, I'll see you some other time The woman gets all dressed up to boogie  
Goes out smelling sweet like a rose  
Comes home 5 o'clock in the mornin'  
With that fish scent on her clothes
