Kings & Queens

Urban Cone

These streets are ? new stars, we see the car
And run away, away from home, away from home
Just tryina make them understand
What we want, and what we need
And what we?re born to do
I?m not the one you used to know
I?m not the one you used to know

[Chorus]
Run with me, through off cities
Someday we?ll be kings and queens, kings and queens
Run with me, through off cities
Someday we?ll be kings and queens, kings and queens

Let?s talk about your biggest dreams, who you are
No boudaries here, we?re on our own, we?re on our own
Just try to make me understand, what you want
And what you need, and what you?re born to do
You?re not the one I used to know,
You?re not the one I used to know,

[Chorus]
Run with me, through off cities
Someday we?ll be kings and queens, kings and queens
Run with me, through off cities
Someday we?ll be kings and queens, kings and queens

Just run with me, through off cities
Someday we?ll be kings and queens, kings and queens
Run with me, through off cities X 2
