Fairyland

Lemongrass

Colder than Ice
The World falls apart
Cold like a Stone
The spell on the Souls
Colder than ice
Your hand on my Heart
A world made of stone
Let tenderness freeze[Chorus]Save the Fairyland we live in
Where all failings are forgiven
Feel like hunted by a Griffin
I fall straight down
Save the Fairyland we live in
Where my failings are forgiven
Feel like hunted by a Griffin
I'm falling straight downCatch my Daydream
Catch my FallColder than Ice
Night all around
Cold like a stone
The Heart of success
Wasteland of Ice
We fall to the Ground
A World made of Stone
Let Tenderness freeze[Repeat Chorus 1x]Falling down
Falling down
Catch me
When I'm falling down
Please come to me...[Repeat Chorus 2x]
