## KITARO

Eyes say more than thousand words  
Expose the soul that flows in me  
My inner warmth, my inner bleed  
My deep anxiety This sight is where you can read  
My illogical personal achemy Falling in my stream  
I can't hide, you can feel what my heart can reveal  
Falling in your stream  
I grow in from without finding whom  
I have to see  
Lies sometimes tell what is true  
Inside of me, inside of you  
Shaping the colour expected to be  
Tone ambiguity This sight is where we play  
Our logical way Falling in my stream  
I can't hide, you can feel what my heart can reveal  
Falling in your stream  
I grow in from without finding whom  
I have to see So you take my beliefs that I burn inside, inside of me  
So you listen endless fights, in my eyes they break and blow away  
Seeing through... you can hear more than just... words I say  
I can't hide, you can feel what my heart can reveal  
Falling in my stream  
You grow in from without finding whom  
You have to see
