

# N.A.S.A. Anthem

## N.A.S.A.

In some way when those two Americans  
Stepped on the Moon  
The people of this world were brought closer together  
That it is that spirit, the spirit of Apollo

Which America can now help  
To bring to our relations with other nations  
The spirit of Apollo transcends  
Geographical barriers and political differences  
It can bring the people of the world together

To our friends, all our friends  
Let's begin to ascend  
As we go through the whole universe  
We ascend
