

From My Arms

Vintage Trouble

Had a dream
That my world changed the scene
I don't know what that means
But I do know
That the rain came down
And the sun skipped town Everything that we shared
Wasn't there
All of my answered prayers
Returned to questions
And my solid ground
Was nowhere to be found
And so today I want you to say it
I want you to play it on end
Say that wont stray or slip away
From my arms (Don't slip away baby x2)
From my arms (Don't slip away baby x2) Usually I am the kind
With the peace filled mind
And rose-colored time
No glass broken
Beneath my feet
Circle complete But the thought of
Me walking my walk
Without you they are talking
To carry me over
My travels
Makes me unravel
And so I need you to show me
That I'm your one and only man
Say that there's no chance you will dance
From my arms (Don't dance away baby x2)
From my arms, from my arms, from my arms, from my arms Baby, baby don't stray or slip away
From my arms (Don't slip away baby x2)
From my arms (Don't slip away baby x2)
Had a dream
That my world changed the scene
I don't know what that means
But I do know
The rain came down
