

Flood

Everon

The wind and the rain
And the deep blue sea
 Ahead and around
As far as the eye can see
Is it only cheap comfort
 Or an easy way out
But did I have any choice
But breaking out ?What good is a life
 If all that it brings
Is the pain and frustration
 To dance on the strings
 What good is a man
If he's got nothing to give
 If he's too strong to die
 But too weak to live ?
