

# My TV And You

## VAST

My TV and you, it's the only place to be  
Nothing else to do, nothing else to see  
A room without a view has so much for me and you  
I was born to stare at stars on ceiling walls It's all I need, it's all I ever needed  
Until the world is gone Take me how I am 'cause you know I'll never change  
I was born to stare at who stares back at me  
If I make it up to that big show in the sky  
All I really want is my TV and you It's all I need, it's all I ever needed  
Until the world is gone
