

# Mutiny

## Pendulum

1, 2, 3, 4, 5, 6, 7, 8

Why are you using a broken mic? In through the maze through your reflection  
We enter from a terminal connection In through the maze through your reflection  
We enter from a terminal connection 1, 2, 3, 4, 5, 6, 7, 8

Why are you using a broken mic? In through the maze through your reflection  
We enter from a terminal connection In through the maze through your reflection  
We enter from a terminal connection
