Grandpa's Farm

Future Hits

It's gonna be a long hot summer
The heat's gonna come for sure
Makin' you love me might take longer
But down here everythin' is slow
Sheets are blowin' on the clothes line
A honeysuckle make you smell so sweet
The way they feel when you lay down on 'em
You can't get from no machine
I know you come down every season
To waste time on your grandpa's farm
I ain't tryin' to talk you out of leavin'
A little sun won't do no harm
Go 'head and put your summer dress on
The sky's bright and the water's fine
If you don't feel like swimmin'
We can find a bank and wet a line
'Cause I know up there in the city
Ain't no space to run 'round in

Down here we got dirt streets
Your bare feet can't help but settle down in
I know you come down every season
To waste time on your grandpa's farm
Ain't tryin' to talk you out of leavin'
A little sun won't do no harm, granpa's farm
I'll show you around if you come outside
Ain't no need in hidin' yourself anyhow
I'll show you around if you come outside
Ain't no need in hidin' yourself anyhow
I'll show you around if you come outside
Ain't no need in hidin' yourself anyhow
I know you come down every season
To waste time on your grandpa's farm
Ain't tryin' to talk you out of leavin'
A little sun won't do no harm
Yeah, I can show you around
Yeah, I can show you around if you come outside
Ain't no need in hidin' yourself, yeah oh
