

# This Isn't Control

Ms Mr

Simmering songs  
Never get played  
Tinsel dreams  
Sweet lemonadeThe gates closed  
The pack shut down  
They packed up  
They founda nother town  
To replace  
To eraseCurious ghouls  
We became foolsThis isn't control  
This isn't control  
This isn't control  
This isn't control  
This isn't control  
This isn't control  
This isn't control  
This isn't controlLeft behind  
The perfect crime  
Echoes swell and subside  
SubsideWhat was a spell  
Now feels like a curse  
Wanna feel good  
Live in reverseCurious ghouls  
We became ghoulsThis isn't control  
This isn't control  
This isn't control  
This isn't control  
This isn't control  
This isn't control  
This isn't control  
This isn't control
