It Happens Every Time

Gareth Gates

Can you hear the music playing?
Can you feel the rhythm swaying?
This is the sound of dreams come true
And I can promise you that
You are the one and only and I'm the lost and lonely
We are the perfect dream come true
And I can promise you that
I hear a silly love song in my heart
It happens every time when I see you
It happens every time when I think of you
It happens every time, always magic when we meet
Baby, down on Dream Street
Let me take you by the hand and
Walk you down my hometown streets, girl
You make me feel I'm so alive
Oh, I promise you that
I hear a silly, love song in my heart
It happens every time when I see you
It happens every time when I think of you
It happens every time, always magic when we meet
Baby, down on Dream Street, oh
It happens every time, always magic when we meet
When I close my eyes, there's angels all around
(Singing a love song)
Oh, it happens every time when I see you, yeah
Oh, it happens every time
It happens every time when I see you
It happens every time when I think of you
It happens every time, always magic when we meet
Baby, down on Dream Street
When I see you, oh
It happens every time, always magic when we meet
Baby, down on Dream Street
