

What Goes around Comes Around

Tony! Toni! TonÃ©!

What goes around
Comes around
What goes around
Comes around

What goes around
Comes around
What goes around
Comes around

You're the love of my life
Why do you need to see other guys?
Woman, you're the air that I breathe
When it's cold outside you make me freeze
Playing with my soul is what you do
Guess I've been such a silly fool
I guess I'm losing my mind everyday
Oh, sometimes I can't remember my name

Girl, I know I've got to let go
But I still, still love you so

What goes around
Comes around
What goes around
Comes around

What goes around
Comes around
What goes around
Comes around

Oh, that's the name of the game
Show no shame
Oh, that's the name of the game
Show no shame

Oh, that's the name of the game
Show no shame
Oh, that's the name of the game

Show no shame

You took control of my life
Girl, you made me such a happy guy
Wined and dined my everyday
Made me tell the fellas I couldn't play

So now tell me which way to go
One day, I'm sure you'll know

What goes around
Comes around
What goes around
Comes around

What goes around
Comes around
What goes around
Comes around

What goes around
Comes around
What goes around
Comes around

What goes around
Comes around
What goes around
Comes around

Oh, that's the name of the game
Show no shame
Oh, that's the name
Oh, that's the name

Oh, that's the name of the game
Show no shame
Oh, that's the name of the game
Show no shame

Oh, that's the name of the game
Show no shame
Oh, that's the name
Oh, that;s the name

Oh, that's the name of the game

Show no shame
Oh, that's the name of the game
Show no shame

Finders keepers
Losers weepers
Finders keepers
Losers weepers

Finders keepers
Losers weepers
Finders keepers
Losers weepers

What goes around
Comes around
What goes around
Comes around

What goes around
Comes around
What goes around
Comes around

[Continue blend until end]
