Disaster

Hawthorne Heights

How should I say
That I never wanted anything to change?
If I rearranged the pieces of
A broken down faithDo you believe in me?
Because I'm not sure
I believe in anything, anymorePick up the pieces and make me understand
Why we can't move any faster?
Losing all demand, I've broken all my plans
This year was a disasterWhat should I do when I never thought anything would come true?
The solution for the broken down abuse
I'm waiting for fading floor to let me fall on through
I'm getting closer to letting go, letting go of youPick up the pieces and make me understand
Why we can't move any faster?
We're losing all demand, I've broken all my plans
This year was a disasterWhat you don't know will only make this worse
(I walked on the edge)
What you don't know will only make this worse
(I saw the edge of my future)What you don't know will only make this worse
(We'll own, buy back by the past?)
What you don't know will only make this worsePick up the pieces and make me understand
Why we can't move any faster?
Losing all demand, I've broken all my plans
This year was a disasterPick up the pieces and make me understand
Why we can't move any faster?
Losing all demand, I've broken all my plans
This year was a disaster
