

Voyeur

[Kim Carnes](#)

When voices through the thin walls
Speak of aberrant behavior and the videos, her only savior
She turns it on when they're all gone
And then she turns and slips her high heels on
Shadows fill the room and she starts movin' Voyeur, voyeur are y'all hot tonight
Dance, dance, dance till it makes you feel good
Voyeur, voyeur who y'all got tonight
Where love is still alive, it's just locked up inside
Lingerie and loveliness still lookin' for a strange and sweet
caress
Her love life's hot but her life's a mess
She's got no minor vices and she makes no excuses
And she concedes that she's the one she pleases
Voyeur, voyeur are y'all hot tonight
Dance, dance, dance till it makes you feel good
Voyeur, voyeur who y'all got tonight
Where love is still alive, it's just locked up inside
Voyeur, voyeur are y'all hot tonight
Dance, dance, dance till it makes you feel good
Voyeur, voyeur who y'all got tonight
Where love is still alive, it's just locked up inside
Voyeur, voyeur are y'all hot tonight
Dance, dance, dance till it makes you feel good
Voyeur, voyeur who y'all got tonight
Where love is still alive, it's just locked up inside
Voyeur, voyeur are y'all hot tonight
Dance, dance, dance till it makes you feel good
Voyeur, voyeur who y'all got tonight
