

Good Day

Andrea Hamilton

I guess by now youâ€™ve seen the way I love you truly madly darling
Well donâ€™t you know thereâ€™s only one thing you should do
Fall in love, follow me
We donâ€™t even need to see where weâ€™re going

(Baba ba dada da) itâ€™s a good day
I was looking for your beautiful face and you made it
(Ba bada da da) what do you say
Could we be anything but lovely and free now baby
(Ba da da) we got everything
We got you and me; itâ€™s gonna be a good day

I canâ€™t contain the beating of this heart when Iâ€™m with you darling
Itâ€™s telling you to tell me weâ€™ll never be apart
Yeah I know itâ€™s a trip
To be dancing like this, but I like it
