

# Cinnamon Girl (feat. Boban)

[dunkelbunt]

I met her on the milky way  
who she was I could not say  
I only knew I wanted to stay  
together we spent night and day We used to fly through summer trees  
the air was full of blossom breeze  
deep inhale this tasty smell  
how many stories does it tell? Hey my little Honey bee  
You're far away that's hurting me  
I miss you darling far away your  
warm sweet smile this summer day  
Je me trouve en plein hiver  
de l'autre côté de la terre  
j'ai trop froid sans ta chaleur  
j'en ai besoin pour mon bonheur En pleurant je compte les jours  
comme tu me manques mon amour  
bien sûr on fera des voyages  
dans le ciel sur les nuages It's time to leave to say good bye  
please oh darling don't ask why  
after the sun comes rain don't cry  
remember our days in the sky My heart is bleeding every day  
since we had to say fare well  
I still can taste your tender skin  
it smelled so good like cinnamon  
Hey my little Honey bee  
you're far away that's hurting me  
I miss you darling far away your  
warm sweet smile this summer day
