

Friday Fish Fry

Kelis

I said, oh my daddy, game's over
I said, oh my daddy, game's over
I said, oh my daddy, game's over
I said, oh my daddy, game's over I said I'm making you peace
I'm down on my knees
Give me what I want
Give me what I need
I said, I'm begging you, please
I'm down on my knees
Give me what I want
Give me what I need
I said, I'm begging you, please
I'm down on my knees
Give me what I want
Give me what I need
I said, I'm begging you, please
I'm down on my knees
You said: that's the thing
And I just don't want to fight
See, the bottom of what I said
Is that, take that man, take that man to bed
On the contrary
I know who to sit
I know you ain't right
You ain't right Give me what I want
Give me what I need
I said, I'm begging you, please
I'm down on my knees
Give me what I want
Give me what I need
I said, I'm begging you, please
I'm down on my knees
Give me what I want
Give me what I need
I said, I'm begging you, please
I'm down on my knees
Give me what I want
Give me what I need
I said, I'm begging you, please
I'm down on my knees
The idea sounds nice but

Darling, you're not even my type, you see'

Hey, you, yeah, you, yeah, you

I need ice, cold water

I need ice, cold water

She needs ice, cold water

She needs ice, cold water

She needs ice, cold water

She needs ice, cold water'No, not too close to meGive me what I want

Give me what I need

I said, I'm begging you, please

I'm down on my knees

Give me what I want

Give me what I need

I said, I'm begging you, please

I'm down on my knees

Give me what I want

Give me what I need

I said, I'm begging you, please

I'm down on my knees

Give me what I want

Give me what I need

I said, I'm begging you, please

I'm down on my knees

Give me what I want now, baby

Give me what I want

Give me what I need

I said, I'm begging you, please

I'm down on my knees

Give me what I want

Give me what I need

I said, I'm begging you, please

I'm down on my knees

Give me what I want

Give me what I need

I said, I'm begging you, please

I'm down on my knees

Give me what I want

Give me what I need

I said, I'm begging you, please

I'm down on my knees

Give me what I want

Give me what I need

I said, I'm begging you, please

I'm down on my knees

Give me what I want

Give me what I need
I said, I'm begging you, please
I'm down on my knees
Give me what I want
Give me what I need
I said, I'm begging you, please
I'm down on my knees
Give me what I want
Give me what I need
I said, I'm begging you, please
I'm down on my knees
