

# Don't Even Know Your Name

## A-teens

See you everyday on the morning bus  
You seem a little sad and lonely  
I try to look away but when you pass my seat  
I always hope that you will see me  
Wish I could let you know  
how I feel before you have to go.  
I want to hold you, make it come true  
give all my loving but I don't even know you.  
I'll be your sunshine in pouring rain  
and say I love you but I don't even know your name.  
I can't help myself I'm going slightly mad  
I slip a note into your pocket  
And I'll wait all night for the phone to ring  
I wonder if you got the message  
We might not be meant to be  
but I hope time will tell differently

I want to hold you, make it come true  
give all my loving but I don't even know you.  
I'll be your sunshine in pouring rain  
and say I love you but I don't even know your name.  
Now we are perfect strangers  
No one's standing next to you  
Will I have the strength to pull it through  
I want to hold you, make it come true  
give all my loving but I don't even know you.  
I'll be your sunshine in pouring rain  
and say I love you but I don't even know your name.  
I want to hold you, make it come true  
give all my loving but I don't even know you.  
I'll be your sunshine in pouring rain  
and say I love you but I don't even know your name.
