

Vicious Games

Yello

I never knew how much I loved you
I never knew how much I cared
So I played Vicious games, vicious games
With different names, different names
Vicious games, vicious games
With different names, different names I was afraid to go under
Afraid to see when I closed my eyes Vicious games, vicious games
With different names, different names I never knew how much I loved you
I never knew how much I care
I just played Vicious games, vicious games
With different names, different names
Vicious games, vicious games
With different names, different names Now that you're gone and you have left me
I had to learn, I had to learn how much it hurts
To play those vicious games Vicious games, vicious games
Different names, different names
Vicious games, vicious games
Different names, different names Vicious games, vicious games
Different names, different names
