Like You Do

Gramatik

Hey love, hey love
Hey love, hey love
Yo, hey love, you're the girl that I adore
Every time I go on tour, I want you more and more
Ma I am yours, mi amor, my ghetto Zsa Zsa Gabor
Don't be snitchin' to the law or ever give up my draws
You're Fly Robin Fly that apple of my eye
Crooked eye this is what it sounds like when thugs cry
Baby, you're like the silent kind
That can tell a good joke, my funny valentine
Roll an L and still smoke it at the same time
Blow your spine I ain't got to ask who is this?
You know it's mine forever
Stop the regrets and baby, let's get it together
Takin' these vows for worst or better
And if so I got you, holdin' you down like your pops do
You wear the pants, I'll wear the crown
Ain't nobody gon' love you this way
And ain't nobody gon' like Jolly J
I had enough of love
Was tired of the lyin' and the game
I told myself that men were all the same
Then suddenly my world began to change
'Cause that's when I found you
Ain't nobody lovin' me like you do, baby
Ain't nobody make me feel the way I'm feelin'
Ain't nobody lovin' me like you do, baby
No one for me like you, baby
Now, I can smile again
'Cause lonely days are gone since you are here
Erase the pain and changed the way I feel
Now I believe that love can be for real
I pray that you never leave
Ain't nobody lovin' me like you do, baby
Ain't nobody make me feel the way I'm feelin'
Ain't nobody lovin' me like you do, baby
No one for me like you, baby
Don't mean to brag but it's the things you do
Don't mean to talk but it's the way you love me

Feels like it's Heaven when I'm here with you
The way you love me makes me happy
Yo, now ain't no woman like the one I got
She floss hot to trot keep my manhood rock
Real deal when she give me somethin' I can feel
And still jumpin' out the bed to cook a meal
For her boo, we share like Sonny and Cher
I got you babe and I'll be there
You ain't got to have a care in the world
The scenario when boy meets girl
I'll give you dough to fix your curl
The birds and the bees, the flowers and the trees
Me and you buckin' naked all out the sheets
All I wanna do is make ya happy, just ask me
'Cuz yours
I'll give you the world if I can fit it through the door
I'm like the love boat all aboard
Dockin' in your seashore I give it to you raw like
Voule'vo, cuse, aver ma
Excusa me, que't que't menage'tois
Don't mean to brag but it's the things you do
Don't mean to talk but it's the way you love me
Feels like it's Heaven when I'm here with you
The way you love me makes me happy
Ain't nobody lovin' me like you do, baby
Ain't nobody make me feel the way I'm feelin'
Ain't nobody lovin' me like you do, baby
No one for me like you, baby
Ain't nobody lovin' me like you do, baby
Ain't nobody make me feel the way I'm feelin'
Ain't nobody lovin' me like you do, baby
No one for me like you, baby
