Solid

Kelvin

You're solid, yeah
Like a rush that I don't wanna stop
Saw the signs in your eyes
What was up, wasn't right
And none of us was innocent
Baby, still we played our games
Scared to win, left the mess we were in
On uneven ground, lost what we found
I had to put away my pride
To find a way that I could love you more
I couldn't keep away from you
Then you walk back in my life
And all at once we were just like before
No one does what you can do
You're solid, yeah
Like a rush that I don't wanna stop
Boy, your love goes on and on
You're solid, yeah
Just when I thought that our thrill was gone
You were solid than a rock
Like a cool summer breeze, you're the fan for the heat
I feel lyin' next to you, naturally
There's a switch in my heart, only you can turn it on
You're the flame that lights late at night
Deep inside me
For so long I tried to fight
The way I felt, the way you made me fall
But I couldn't keep away from you
But then you walk back in my life
And all at once we were just like before
'Cuz no one knows what you can do
You're solid, yeah
Like a rush that I don't wanna stop
Boy, love goes on and on
You're solid, yeah
Just when I thought that our thrill was gone
You were solid than a rock, baby
I surrender, when you do the things you do
When we're together, I can't get enough of you

You're the missing piece, the other half of me
To make me complete
You're solid, yeah
Like a rush that I don't wanna stop
I don't wanna stop, no, no
You're solid, yeah
Just when I thought that our thrill was gone
You're solid, you're solid, you're solid
You're solid, yeah
Like a rush that I don't wanna stop
Boy, your love goes on and on
You're solid, yeah
Just when I thought that our thrill was gone
Goes on and on, when I thought the thrill was gone
You're solid, yeah
Like a rush that I don't wanna stop
Goes on and on, when I thought the thrill was gone
You're solid, yeah
Just when I thought that our thrill was gone
You were solid than a rock, yeah
