Brightening Day

Weezer

My best friends are gone
Far and way beyond.
And they left me here with no one by my side.How can I get by
With no one to [try]
And pick me back up when I fall down?My support [has left]
Me and I'm [bereft]
About things I need to help me make it [on] through.Now what can I do
With no cheer[ing crew]
There to make me feel like I don't suck?ooh whoa whoa whoa
oh whoa whoa oh
There was a brightening day.[solo]ooh whoa whoa whoa
oh whoa whoa oh
There was a brightening day.My whole [seam] has split
They don't give a spit
About [anybody else on earth] but themselves.So we'll burn in hell
And think that it's swell
Just as long as we get our own rooms.So we'll burn in hell
And think that it's swell
Just as long as we get our own rooms.
