

Pure Energy (Alex Megane Extended Mix)

Accuface

Pure energy We're nothing but two lost souls when
We set out without an ending
Everyone thought we were wasting time Oh, it was such a struggle that never ended
On no one else we were dependent
We did all we could to get it right On an outbound train
The breaks from yesterday
Ooh, I always wanted to feel this way On a sky-high plane
Hotter than all the sun's rays And it's known to be
We are always meant to be released
To pure energy, pure energy Pure energy
Pure energy Found ourselves in a situation Yet there always was a complication
What we wanted was so hard to find
So we had to keep on moving
Only time was time for losing
Couldn't waste a minute of our lives We've been traveling for days
Now we're so far away
Ooh, only stars will light our way In this close to lonely world
Sometimes I'm just a lonely girl
But you gotta know
That we were always meant to be released
To pure energy Pure energy, pure energy
Pure energy, pure energy
Pure energy
