

Naturally

Deborah Gibson

VERSE1:

Sorry if I didn't do this, didn't do that
It's just that I don't know you anymore
What turns you on,
What has been turning you off
'cause I hear you talking behind closed doors
What do they say all these friends of yours
And why are they no longer friends of mine

Do they remember

CHORUS:
When we didn't have to touch

It's just that it meant so much

And all hesitation was gone

We didn't analyze

We didn't have to do anything

It just came naturally

VERSE2:
Wasn't it you who used to read my mind

I'd pick up the phone and you were there

Now it's as if you are a step behind

It was an effortless affair

Under the moon I made promises

That I really thought I'd keep back then

Do you remember

CHORUSBRIDGE:

I don't want to let go

I'd be letting down you and me and everyone

That hung their hopes upon

Our love and our trust

Where has all the goodness gone?

Do you remember

CHORUS:
We didn't have to touch

It's just that it meant so much

And all hesitation was gone

No we didn't analyze

We didn't have to realize anything

It just came naturally
